

C55

High Density Circular Connectors

TECHNICAL FEATURES

HYPERTAC® CONTACT

Low insertion/ extraction forces

Long contact life

Higher current ratings

Immunity to shock & vibration

Low cost of ownership and low power consumption

Reliability under harsh environmental conditions

CONNECTOR CHARACTERISTICS

Number of contacts: 55

Contact diameter: 0.50 mm

Current rating: 2A

Contact resistance: <5 mΩ

Receptacle contact termination: Solder Cup, Straight PCB

Plug contact termination: Solder cup

AWG Contact: 26

Cable diameter range: max 20 mm

Insulator: PPS type GST-40F per MIL-M-245719 V0 per UL 94

Connector body: Stainless steel AISI 303 as per ASTM-582

RECEPTACLE AND PLUG CONFIGURATIONS

Ref. ST1092 C55RFDC01

Ref. ST1092 C55PMSC01

OTHER AVAILABLE CONFIGURATIONS

Solder cup termination
receptacle

Reverse gender
connectors

Extender

Cable harnessing with
shrinkable boot
