

Product Change Notification

Changes to insulator on receptacle

29th July'25

Dear Customers,

Please be advised that the insulators in the space qualified KN (KNB, KNC, KND) series with 90° bent contacts will have the following change with immediate effect. The change includes introduction of a hole to the insulator, the image below shows the difference. This change is being introduced as part of continuous improvement of production process, and therefore doesn't change form, fit, function and specification of the product.

Should you have any questions regarding this change, please do not hesitate to contact our local Smiths Interconnect's representative.

Best regards,

Joydip Sanyal
