

PRODUCT LIFECYCLE BULLETIN

CST PCB Connector

30th April 2026

Dear Customers and Partners,

This bulletin provides an overview of the lifecycle for the CST PCB connectors.

The lifecycle of the parts starting with CST... (for example, CST06254EFDHS/22279, CST06254PMDHS, CST06254PMDHS, etc.) is changing from **Active** to **Obsolete**, meaning all parts and components with its bill of materials will no longer be available after all last-time-buy (LTB) orders are delivered.

We are offering our Customers and Partners an opportunity for a last-time-buy (LTB), purchase orders (PO) must be placed by **31st December 2026**. Prices in the price-book will remain valid until 31st December 2026 with expected delivery until 30th June 2027.

Please note that while we will endeavour to support all our Customers and Partners during LTB, this offer however is subject to availability of parts and components and to that end Smiths Interconnect reserves the right to cancel or materially amend the offer for LTB.

If you have any questions or require any clarification, please do not hesitate to contact our local Sales representatives.
