

Product Change Notification

PCN No: 2021-PCB-15

Date of Notification: November 5, 2021

Notification Type: Product Obsolescence

Products Impacted: HDT series connectors

Part Numbers Affected: Part numbers with HDT prefixes

Examples: HDT060AML00120
HDT060UFS00121
HDT078AML00118

Dear Valued Customer,

The mold tooling required to manufacture the insulators used in the HDT series connectors has reached the end of life and is no longer capable of manufacturing product to the excellent level of quality expected from Smiths Interconnect.

As a result of this, and declining customer requirements, we are obsoleting these HDT series connectors. Currently we have a very limited stock of the insulators used in the HDT060 & HDT078, which is available for a last time buy of these connectors, on a first-come first-served basis.

If there is interest in a last time buy for these connectors, please place your order by December 31, 2021. Thank you.

Best regards,
Tom Kannally
