December 3, 2020

Smiths Interconnect Americas, Inc.
8851 SW Old Kansas Ave
Stuart, Florida, 34997

To whom it may concern:

This letter confirms that Smiths Interconnect Americas, Inc. will complete their AS9100:2016, ISO 9001:2015 Recertification audits with TÜV SÜD America on December 16th, 2020 by John Stevens.

Once the audits are completed then audit package will need to be approved and submitted to the certification body by the lead auditor John Stevens. Upon completion of the review process with the certification body, Smiths Interconnect Americas, Inc. Maryland, France, and Tunisia sites will be added to their multisite certificate finalizing their AS9100:2016, ISO 9001:2015 Recertification Audit.

Of note, the current AS9100 certificate for France and Tunisia (certificate # 951205171) shows a designation of IAF-ID3. This indicates the expiration date of the certificate has been affected by COVID-19 and is still valid while recertification activities are being performed/completed. The certificate is still valid for 6 months past the expiration date unless the recertification audit has not been completed. If the certificate is not restored within 6 months after expiry, the recertification audit may be continued, certification decision made and published within 12 months of expiry

If there are any questions regarding the certification status of Smiths Interconnect Americas, Inc., please contact me.

Sincerely,

A handwritten signature in black ink that reads 'Greg Bates'.

Greg Bates
Director – Business Assurance (Americas)
